

**Report to CHAP Directors & ARC
EMS Training Committee 9/24/14-9/26/14
Submitted by Jean Rounds-Riley, PA-C 9/16/14**

**EMS Training Committee will be meeting the same time as ARC 9/24/14-9/26/14.
Training Committee has not met since the last ARC meeting.**

I will submit a report after this September Training Committee meeting. I anticipate updates on:

2014 Alaska State EMS re-assessment by National Highway Traffic Safety Administration .

Regulations changes:

EMS Training and CME:

State EMS Office:

EMT-1 Tests are being revised to be consistent with the National Agenda EMS objectives.

EMS Training Committee meetings proposed dates and locations:

Sept. 24, 25, 26 2014	Anchorage (SREMS)
Jan. 28, 29, 30 2015	Juneau (State offices)
April 28, 29, 30 2015	?

There has been a proposal to have the spring meeting convene in a different place each year (for the last several years it has been in Fairbanks). Rotating meeting locations has been done in the past, and afforded the committee the opportunity to discuss EMS issues with local providers, and for those providers to directly participate in meetings. Training Committee members have been asked to poll their supporting organizations for input on this proposal. Please let me know what you think (and if you support the idea, do you have recommendations for communities to host the committee meeting?)

The **Alaska Emergency Medical Services Office** will be hosting the National Highway Traffic Safety Administration team for a re-assessment of the Alaska EMS system **May 13-15, 2014** in Anchorage. This is an opportunity for citizens, EMS providers, EMS instructors and EMS partners to participate in an evaluation of the Alaska EMS system.

Location for Public Testimony:

Hilton Garden Inn
4555 Union Square Drive
Anchorage, AK 99503

Public Testimony from 9 a.m. - 5 p.m. May 13 and May 14

Call in number: 1-800-944-8766, Code: 28080#

Contact: Mark Miller

New! NHTSA Re-Assessment Agenda

New! NHTSA Re-Assessment Team Roster

The NHTSA re-assessment process uses the following guidelines to evaluate the system:

EMS Reassessments Program Guide

and

Uniform Guidelines for State Highway Safety Programs

This is a great chance to share information, data, stories and concerns with both the State of Alaska EMS Office and the NHTSA. Your participation is vital to ensuring the future of EMS in Alaska.

If you would like to submit your concerns in writing please submit them to:

NHTSA Re-Assessment Team 2014
