CHAP MEDICAL TRAFFIC CHECKLIST

Medical traffic is to be observed after completion of each Basic Training session and before attending the next session. A minimum of 3 patient reports must be evaluated. This may be done in the village or at the base station. Feedback should be given to the CHA/P.

Rows highlighted in yellow are for emergencies. PATIENT If an Emergency, starts Video Teleconferencing Introduces self, training level, and village Lets Dr. know if "This is an emergency" or not States what type of emergency Age/Sex (needed for evaluation of Vital Signs) Provides Vital Signs now if it's an Emergency	1	2	3	4	5
If an Emergency, starts Video Teleconferencing Introduces self, training level, and village Lets Dr. know if "This is an emergency" or not States what type of emergency Age/Sex (needed for evaluation of Vital Signs)	1	2	3	4	5
